Payment Method	Description
Automatic Deduction	This payment option allows payments to be automatically withdrawn from a checking or savings account. The initial down payment on new business must be made by any other payment method and automatic deduction will be set up for all future installments and renewals. Policyholders must complete an authorization form found on <a href="http://www.calmutual.com">www.calmutual.com</a> under Policyholder Resources.
Online Check	This payment option allows for online payment by the insured or agent from the Policyholder Login at <a href="http://www.calmutual.com">www.calmutual.com</a> by providing the nine-digit bank routing number and account number. Payments are posted to the account the following business day but are considered accepted the day processed.
Credit/Debit Card	This payment option allows for online payment by the insured from the Policyholder Login at <a href="http://www.calmutual.com">www.calmutual.com</a> and providing their credit/debit card number, expiration date and billing address. Payments are posted to the account the following business day but are considered accepted the day processed.
Check	This payment option requires mailing a check to us. Payments will be posted the business day received in the mail to our office.
