

How To Add an Attached Garage to the Costimator

1. Click Edit on the square footage section

Square Footage

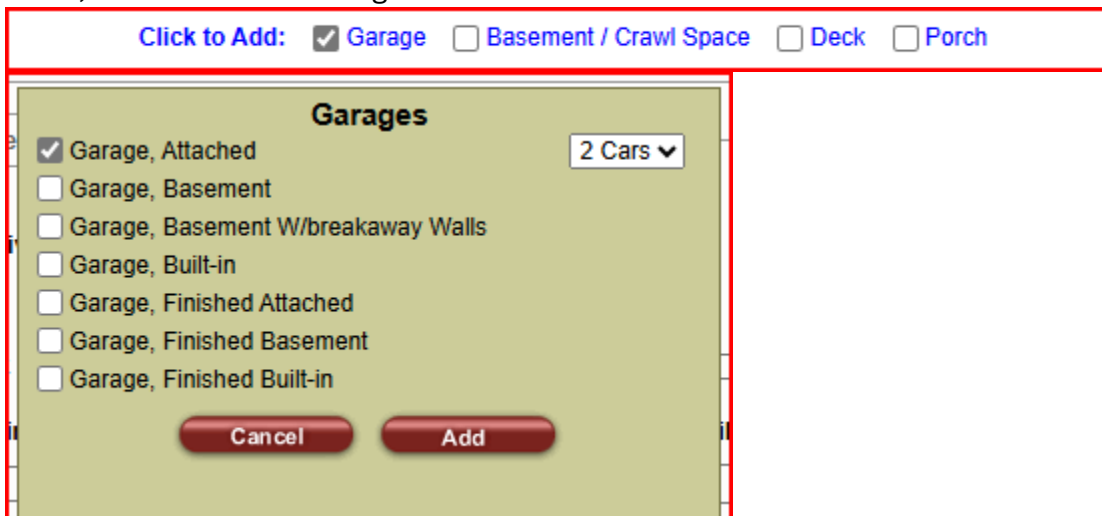

Living Area SqFt : 2392 *

Year Built : 2006 *

Please click edit to add additional areas such as basements, decks and garages.

Edit

2. Next to Click to Add, select Garage, then “Garage, Attached”, select if two car or other, and then click Add again.

Click to Add: ☒ Garage ☐ Basement / Crawl Space ☐ Deck ☐ Porch

Garages

☒ Garage, Attached 2 Cars ▼

☐ Garage, Basement

☐ Garage, Basement W/breakaway Walls

☐ Garage, Built-in

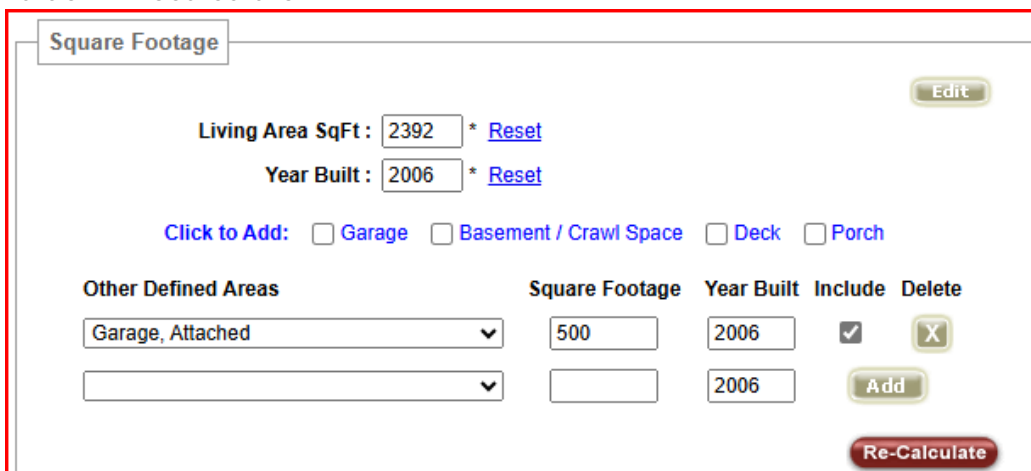

☐ Garage, Finished Attached

☐ Garage, Finished Basement

☐ Garage, Finished Built-in

Cancel Add

3. When it comes up with the second line, click Recalculate again. The replacement value will recalculate.
